THREE KILLED IN DAYBREAK GUN BATTLE

RELENTLESS CHINESE ATTACK ON TUNGCHENG: SHANSI DRIVE STILL PROCEEDING

CLOSE-QUARTER FIGHTING ON SAMSHUI OUTSKIRTS

CHANGSHA, Oct. 22 (Central)—The Chinese are relentlessly attacking Tungcheng, Japanese base of operations in South Hupeh. Chinshan, Hsishan and Saikung-chiao, vantage points outside the city, have been occupied by them.

Active Chinese operations are also in progress at Tashaping, lying between Tungchen and Tsungyang. Eight truckloads of Japanese reinforcements sent from Tsungyang to rescue the Japanese beleaguered there were ambushed by the Chinese at a point north Tashaping.

Three trucks were wrecked and a number of Japanese lost their lives. The remnant Japanese fled back to Tsungyang.

To prevent the arrival of further Japanese reinforcements the Chinese have thoroughly damaged the highway between Tungcheng and Tsungyang. Tashaping is now besieged on three sides.

SHANSI FIGHTING
KAOAN, KIANGSI, Oct. 22 (Central)—A Japanese attack on Siatungwan east of Kaoan, on Friday morning was repelled.

The Japanese at Tsingan, 30 miles north-west of Nanchang, have suffered heavily from the Chinese encircling attack. Reinforcements called in failed to lift the Chinese siege.

Lekungtsien and Wanchialao, strategic points in the northern suburbs, have been re-captured by the Chinese.

SHANSI SITUATION
LOYANG, Oct. 22 (Central)—Chinese forces which successfully drove away the Japanese at Yitalow, south-east of Puhshien in South Shansi, on Wednesday, have re-occupied Nuwangmiao nearby in their rapid advance. They are continuing their drive eastward.

Over 3,000 Japanese at Puhshien, Hellingkwan and Kecheng launching a drive north-east of Puhshien have encountered stiff Chinese resistance.

In the meantime, two Japanese columns are pushing towards Stangling, southwest of Puhshien. Bitter fighting is raging in the environs of Postangssu.

FIGHTING IN PROGRESS

On the Honglingkwan sector, near the North Huiian border, Chinese forces retook Chengfentsi, west of Henglingkwan, on Wednesday night. On the following morning, heavily reinforced, the Japanese commenced a counter-offensive. Fighting is reported to be still in progress.

Was Falsely Accused Of Proposing Surrender

LL. G. ON TURKISH TREATY TRIUMPH

LONDON, Oct. 22 (Reuter)—Mr. David Lloyd George addressing his constituents at Carnarvon, explained his recent speech, declaring he had been falsely accused of proposing surrender.

His speech, he said, had been grossly misrepresented. Our cause in essence was a just one and we could not surrender it without covering Britain and the Empire with dishonour and drenching them with the contempt of the world.

The Turkish Treaty was a notable diplomatic triumph. "Let us follow this victory by coming to a better understanding with Russia. It is essential that Russia should not be driven into an attitude of active hostility."

Mr. Lloyd George added: "I am not going back one step from the policy I have always advocated, of standing up firmly to dictators. You can be firm at a conference as well as on a battlefield."

"A peace conference to-day would no longer be a Munich. We could quit the conference if Herr Hitler showed that he meant to cling to his conquests and the whole world would acknowledge that responsibility for plunging mankind into a carnage and catastrophe of war rested entirely on the head of Herr Hitler."

MUNICIPAL POLICE AND GUNMEN OF WANG'S "DEFENCE CORPS" IN CLASH IN HEART OF WESTERN DISTRICT: MACHINE-GUNS USED

BIG GERMAN OFFENSIVE FOILED

STRATEGIC MOVE BY FRENCH H.Q.

PARIS, Oct. 22 (Reuter)—A clever strategic move by the French High Command is believed to have dislocated for the time being the plans of the German Headquarters.

According to information here the Germans had intended on a big offensive on French troops occupying German territory but General Gamelin secretly withdrew all troops except advance posts who made such displays with ammunition, very lights, etcetera, that the Germans failed to discover that the French had departed two days ago.

Now, apart from a few observation posts, French lines run approximately with French territory throughout leaving the Germans to cope with flooded lands adjoining the Rhine, Moselle and Saar Rivers. In some cases the Germans must bring guns and troops over battered no-man's-land six miles wide.

THREE COURSES ARE OPEN TO NAZI GERMANY

LONDON, Oct. 22 (Reuter)—In a broadcast on the close of the seventh week of the war, Mr. L. Hore-Belisha, Secretary for War, declared that three courses are open to Nazi Germany.

She could try and smash through by land, sea and air; remain quiescent in the hope that we would prematurely take up the offensive, or lure us into a discussion of specious peace terms.

ARTILLERY ACTION ON WESTERN FRONT

PARIS, Oct. 22 (Reuter)—This morning's French communiqué says that the night was moderately quiet on the Western Front as a whole. There was artillery action on both sides yesterday though this was not heavy.

Hsiao Jui-cheng and Hu Kwang, formerly Japanese-appointed Governor and Secretary of the bogus Honan Provincial Government, respectively, were executed by the Japanese in Kaileng on Oct. 13 for allegedly engineering the murder of Teng Hsi-wu, another puppet official. (Central News).

S.M.C. Facing Tough Problem To Retain Its Control Of The Extra Settlement Roads: Area Defended

THE EXPLOSIVE ATMOSPHERE OF THE EXTRA SETTLEMENT AREAS IN SHANGHAI FLARED UP YESTERDAY MORNING WHEN A VIRTUAL BATTLE WAS STAGED IN THE HEART OF THE WESTERN DISTRICT BETWEEN MUNICIPAL POLICE AND GUNMEN ATTACHED TO WANG CHING-WEI'S "DEFENCE CORPS."

ONE CHINESE MUNICIPAL POLICEMAN WAS KILLED.

MACHINE-GUNS, RIFLES AND HAND-GRENADES WERE USED IN THE AFFRAY.

ITALIAN MARINES, IN WHOSE DEFENCE SECTOR THE FIGHTING OCCURRED, PROCEEDED TO THE SCENE AND WENT TO THE ASSISTANCE OF THE POLICE.

THE TROUBLE STARTED SHORTLY AFTER DAYBREAK WHEN A PATROL, MANNING AN ARMoured CAR, ENDEAVOURED TO STOP THREE CHINESE ON A MOTOR-CYCLE.

Ignoring the Municipal policemen's order to halt, the driver accelerated and entered the nearby headquarters of the "Defence Corps."

The police gave chase. The gunmen, assisted by their comrades, opened fire with machine-guns, rifles and even hand-grenades to which the policemen replied with machine-guns.

The battle lasted until the arrival of Japanese gendarmes who cordoned off the area and subsequently entered the building where they arrested about 30 occupants.

That the Municipal Council faces a tough battle to retain its control of the Extra Settlement roads is the general reaction to this morning's shooting incident in the Western District.

Foreigners, particularly, are concerned since Fu Siao-en, puppet Mayor of the Japanese-sponsored Chinese Administration, has already openly announced his intention of usurping the area together with its sizeable revenue.

Hitherto, no protests have been lodged with the Japanese in connexion with to-day's and Friday's killings but the Consular body is reported to be spending the week-end investigating the matter.

Chinese circles in Chungking are of the opinion that the outcome of the dispute will depend largely on the attitude of the United States, and in view of the European War, this seems to sum up the situation accurately.

ALLEGED STATEMENT
Shanghai newspapers give prominence to the statement alleged to have been made by Mr. Cordell Hull, U.S. Secretary of State, announcing the co-operation of the United States with the Municipal Council on the question of Extra Settlement roads.

While confirmation of the statement is still awaited, it is freely rumoured that American marines may be called out to protect American lives and property and in this connexion Colonel Joseph Fegan, Commander of the Fourth Marine Corps, is displaying the keenest interest in events of the past 48 hours.

Meanwhile, the Western District is bristling with arms. The puppet police are seemingly obeying the commands of officers of the Japanese Gendarmerie while alongside, British tommyes of the East Surrey Regiment are busily erecting sandbag barricades while others, steel-helmeted, are patrolling the streets.

Armoured cars, manned by Municipal Police with Thompson sub-machine-guns, are standing by together with police squads each man with revolver in hand, ready for immediate action.

Herr Hitler Decides To Personally Investigate State Of Feeling Of The German People

NEW GROUP CALLED UP

250,000 MEN REGISTER

LONDON, Oct. 22 (Reuter)—A quarter of a million men, aged 21 to 22, began to assemble at noon at the Labour Exchanges throughout the country for registration under the Military Training Act.

The men represent the first classes to be called under the Royal Proclamation of Oct. 1 and the remainder of militiamen who did not register last June.

PREFERENCE FOR ARMY
Out of the first 25 forms filled in at the North London Centre, 14 indicated a preference for the Army, four wanted to join the Navy and the remaining seven choose the Air Force.

He points out that the district leaders are closest in touch with the feelings of the people; hence it looks as if Herr Hitler has decided to go over the heads of Herr Himmler and the Gestapo and to find out things for himself.

The correspondent adds that, apart from this move, Herr Hitler's attention is centred on the diplomatic front, partly as a result of the Anglo-Franco-Turkish Pact. German concern over this is revealed by the recall to Berlin of the Ambassadors to Moscow, Ankara and Rome.

MAJOR FACTOR
Herr Hitler's difficulties on the diplomatic front are sufficient to go far towards explaining the military lull in the West and the Turkish Pact promises to be a major factor in the war.

It is a diplomatic victory—a victory in a war which hitherto is being dominated by diplomatic forces. The correspondent points out that the Pact has given Italy the opportunity to recapture the initiative in the Balkans, while Mediterranean interests are secured by the Pact in favour of Italian settlement with Britain and France.

Flood Waters Threaten Enemy Lines

PARIS, Oct. 22 (Reuter)—The Paris wireless reports that tributaries of the Rhine are rising and the Havas News Agency states that German fortified lines along the river are threatened.

Reports from Luxembourg say that the Moselle also is rising and German trenches on the right side of the river are useless. The roads behind the trenches are also said to be flooded.

CHINESE APPRECIATION OF MR. GREW'S SPEECH

CHUNGKING, OCT. 22 (CENTRAL)—DEEP APPRECIATION OF THE SPEECH by Mr. Joseph C. Grew, American Ambassador to Japan, was expressed by a Chinese authority on international problems in an interview with Central News yesterday.

He said that Mr. Grew's speech was a frank reiteration of America's determination to protect her interests in the Far East.

Exposing the repeated violations of international treaties by the Japanese Government; it was calculated to make the Japanese people fully realise America's consistent attitude and policy in the Far East and awaken to their own government's blunders.

He fully endorsed Mr. Grew's criticism of Japan's claim for the creation of a "new order in East Asia" which means Japan's domination of East Asia in contravention of the Nine-Power Treaty, the Open Door Policy and the principle of respect for China's sovereignty and territorial integrity.

It was but natural that America should refuse to recognise the creation of the so-

SOFTBALL LEAGUE

Recreio "A" Beat Chung Hwa: Disappointing Game

KEPLINGER'S BRILLIANT CATCH FOR U.S.S. MINDANAO

(BY R.O.Y.)

The following were the results of Softball League matches played at Kip's Park yesterday:

	R.	H.	E.
Recreio "A"	3	9	5
Chung Hwa	3	4	11
Int'l. Athletic	19	13	—
Philippine Club	7	5	—
U.S.S. Mindanao	2	7	3
Canadian Chinese	3	6	1
English Forum	10	9	5
Trojans	3	6	5
Machine Gunners	6	4	17
Central Brit. Assn.	18	9	3

The match between Recreio "A" and Chung Hwa was a big disappointment. Neither team showed anything like their usual form. Chung Hwa being especially ragged in their fielding.

Tuffy Chin made a reappearance for Chung Hwa having just returned from the United States but

showed evident lack of practice this being noticeable with his hitting which used to be very consistent.

BEST GAME

The best of the League games was the Mindanao-Canadian Chinese clash. Although Mindanao finished at the short end of the score they have to thank Red Keplinger for running the winners so close.

With runners on second and third base and two away, Bill Woolf lashed the ball along the left field foul line. Keplinger running at full speed took a brilliant one-handed catch just as the ball was passing over the fence. Two double plays were seen, one being registered by either team.

Craty, for the Canadian Chinese, was in very good form. Herby Quon did not appear to be very confident but managed to strike out five of the Mindanao boys.

BIG SURPRISE

The big surprise of the day was the big win chalked up by the Central British Association. Generally touted as being slated for the cellar berth in the League, the Central Brits played an entirely different brand of ball to that dished up by them last week and committed only three errors.

The machine gunners fielded a complete team of rookies and registered what must have been a record for the local League, namely, 17 errors.

FRIENDLY GAMES

Two friendly games were played, Recreio "B" beating the V.R.C. by 16 runs to seven while, in the best game of the day, U. S. S. Tulsa defeated Recreio "A" by 10 runs to eight.

The Tulsa led at the end of the fifth innings 8-4 against Recreio "A" players. In the sixth innings the "B" team were put in and they outdid the winners to reduce the winning margin by two runs.

A VICTORY & A DEFEAT

HONGKONG CLUB OPEN'S RUGBY SEASON

ARMY TROUNCED 12-8: NAVY WIN 29-NIL

The Hongkong Rugby season opened on Saturday with two interesting games when the Army met the Club and the Navy "A" met the Club "A".

While the Club defeated the Army by 12 points, (three tries and a penalty) to eight points (a goal and a penalty goal), their "A" team were trounced by the Navy "A" by 29 points (four goals, two penalty goals and a try) to nil.

A feature of the former match was Thompson's excellent show at full back for the Club, his handling and tackling, preventing many tries. Bosanquet and Charter too were prominent among the Club's forwards, while Cessford, Boe, Henderson and Waite were well in the picture for the Army.

The Army attempted to force the game in the early stages but lack of good combination enabled the Club to get through their defence and score. It was only after the game was well on its way that the Club's forwards saw anything of the ball.

In the course of a scrum in the second half, Lomax was accidentally kicked on the head and injured. Henderson scored the last final points for the Club from a penalty for offside.

CLUB DISAPPOINTS
Against the Navy "A", however the Club "A" were disappointing, play throughout the game being almost opposite the Club's goal.

Carruthers was brilliant for the Club at full back but was badly handicapped by weakness in their forward line which frequently left him overwhelmed by the Navy forwards.

Paul and L. Stephens shone in the Navy's attack the former giving the Navy a first half lead with a penalty goal and Pascoe, Paul (2) and Ogil scored tries in the second half while Paul also kicked a penalty goal in the second half.

Gutierrez Shield Lawn Bowls CHINA BEATEN BY ENGLAND

China put up a good fight against England in the second round of the Gutierrez International Lawn Bowls Shield Championship, losing at Kowloon Football Club yesterday by 24 shots to 15.

The Chinese rink, victors in the first round over Portugal, scored on 10 heads. A six by England on the second head proved somewhat of an obstacle to overcome, and China was beaten, but not disgraced.

In other second round matches, Scotland easily accounted for Ireland and Switzerland outplayed the Philippines.

The scores:
England: S. Randle, F. Goodwin, A.J. Hall and B.W. Bradbury (sk) beat China: W. Hong Sling, T.K. Lam, C.W. Lam, and J. Pdu (skip) 24-15.

Scotland: J.C. Chalmers, W.L. Walker, J.C.S. Fender, and A.M. Holland (skip) beat Ireland: W. Mulcahy, P.J. Hamilton, H.L. Lockhart, and W.V. Field (skip) 23-17.
Switzerland: W. Naef, L. Gaddi, J.S. Landolt, and C.S. Rossetti (skip) beat the Philippines: H.A. Castro, A.E.H. Castro, V.N. Atienza, and R. Bass (skip) 25-14.

CHINA WINS
The First Round of the Gutierrez International Lawn Bowls Shield Competition at the Kowloon Bowling Green Club on Saturday saw what was perhaps the biggest upset in local sport yet this year, China eliminating Portugal by 20 shots to 15.

The Chinese were guided to victory by J. Pau, a Third Division skip, who turned out to be a regular giant-killer, scoring on 11 heads.

In other first round matches, Switzerland beat Australia and Scotland beat Wales, while in a Second Round match India beat Malaya.

The results:—
China (W. Hong Sling, T. K. Lim, C. W. Lam, and J. Pau skip) beat Portugal (L. J. Silva, L. F. Xavier, F. X. Silva, and C. G. Silva skip) 20-15.

Switzerland (W. Naef, L. Gaddi, J. S. Landolt, and C. S. Rossetti skip) beat Australia (A. J. Kew, J. J. Reid, W. K. Way, and E. C. Fincher skip) 20-17.

Scotland (J. C. Chalmers, W. L. Walker, J. C. S. Fender, and A. M. Holland skip) beat F. Channing, L. A. S. Duncan, R. P. Phillips, and F. J. Jones skip) 31-11.

India (J. Hossen, A. M. Omar, A. K. Minu, and U. M. Omar skip) beat Malaya (A. Bakar, M. Y. Adal, M. R. Abbas, and A. R. Dallah skip) 25-10.

SATURDAY'S SOCCER: POLICE OUTCLASSED BY MIDDLESEX: KOWLOON WIN: CAROLINE HILL DRAW

THE POLICE WERE COMPLETELY OUTCLASSED BY THE MIDDLESEX REGIMENT WHEN THEY MET IN THEIR FIRST DIVISION SOCCER FIXTURE AT SOOKINPOO ON SATURDAY AFTERNOON, AND WERE EASILY DEFEATED TO THE TUNE OF FOUR GOALS TO ONE.

The game was interesting, however, and showed the Regiment playing better than they have ever done before. If they continue to keep up the same standard of football through the season, there is no reason why they should not end up by being League champions.

The game was, however, marred by the bad behaviour on the part of the Police supporters who unnecessarily barracked the referee, Mr. Omar, in spite of the fact that he performed his task in an exceedingly efficient manner.

THE PLAY
The Regiment took the offensive from the start and came very near to scoring, but it was the Police, through Moss, who made the first direct attack. The game progressed with no marked advantage to either side until sheehan scored off a penalty for the Regiment shortly before the interval.

Within a few minutes of the resumption, Devonshire increased the soldiers' score and later Marble added another for the Regiment, while Saw followed with an easy one from close range.

SCRAPPY SOCCER
The Police were now playing very scrappy football, Moss being the only one of the side capable of standing the speed of play set up by the opponents. The police supporters in the crowd, however, took their wrath on the referee with totally uncalled for and unpleasant remarks.

Within a few minutes of the finish, Moss scored for the Police and the match ended four one in favour of the Midds.

Kowloon Beat H.K. Football Club 3-2

In an exciting game, Kowloon beat the Hongkong Football Club on the former's ground on Saturday by three to two. The Club, attacking strongly, drew first blood through Wilson, off a pass by Lodge, White equalised for Kowloon after some exciting play in which some excellent soccer was seen.

Fowler soon put the Club one up, but just before the interval Kowloon equalised through an error of judgment by one of the Club's backs.

DEFENCE WEAKENS
The Club's defence seemed to weaken in the second half, and Jorge got through without much opposition to increase Kowloon score to three, and in spite of desperate efforts by both sides to score the final whistle blew with no further increase in the score.

This stage of the game was marked by some excellent saves by both goalies.

Three Penalty Kicks In Drawn Game

In spite of having three penalty kicks, one of which was converted the Royal Scots tied with South China B when they met in their First Division encounter at Caroline Hill on Saturday, each side scoring two goals.

The game was dull and uninteresting, the referee's whistle being so frequently used that the game was constantly being interrupted.

The first score came off a penalty which was taken by Hossack who scored a beauty. South China equalised later through Cheung Moon-wing. The Scots were awarded another penalty but Hossack missed this time and the half-time whistle was blown with the score one all.

PLAY SLOWS DOWN
In the second half, play was decidedly slower, both teams appeared to be tired. From a free kick, Munro converted easily to put the soldiers one up, but South China, soon, equalised through Thain Chin-khoan who headed in a pass from Cheung Moon-wing to equalise and the game ended two all.

4 Second Division Games
Four Second Division League matches were played off on Saturday.

In a third division league match at Sookinpo yesterday, the Engineers shared eight goals with the Electric.

International beat the 5th R.A. by three goals to two.

CHINESE SCORE SIX
The Third Division encounter between South China and the 24th Battery, Royal Artillery, resulted in a runaway victory for the Chinese by six goals to nil.

The game was not particularly exhilarating. South China scored three goals in each half, and the soldiers, try as they did, had no chance to get one between the posts.

Lord Mayor's Show Is Off

FIRST TIME IN 109 YEARS

There will be no Lord Mayor's Show and no Lord Mayor's Banquet at Guildhall this year.

The new Lord Mayor, Sir William Coxen, and the retiring Lord Mayor, Sir Frank Bowater, will drive by car, accompanied by High Officers of the Corporation, to the Law Courts to be sworn and to Westminster to receive the Royal Consent conveyed by the Lord Chancellor Viscount Caldecote.

All officials will wear their robes and chains of office, and gas masks will be carried in the cars.

The only previous occasion on which the Show was omitted was in 1830. Then, because of the Reform Bill agitation, it was thought unwise to run the risk of attracting unruly crowds.

The banquet has been abandoned this year because of the risk of assembling over 800 persons of eminence under one roof and the difficulty of arranging for their departure in the black-out.

The Marx Brothers are at their maddest and merriest in A Day at the Circus with Nat Pendleton, Florence Rice, Kenny Baker, Eve Arden, Jim Burke, Barnett Parker, Margaret Dumont and Jerry March.

CURRENT FILMS

KING'S—Jesse James (20th Century-Fox). The life and death of a bandit and well-known American character, made into a handsome young man by Tyrone Power. Some impressive and exciting moments are offered in this picture, as well as some embarrassing ones. Generally well-acted and good in parts.

QUEEN'S AND ALHAMBRA—In Name Only (RKO). Followed by metropolitan romantic comedy of the eternal triangle. The theme is capably handled by Cary Grant, Kay Francis and Carol Lombard.

MAJESTIC—Kentucky (20th Century-Fox). Romance and racing in the American South. The acting of Loretta Young and Richard Greene is excellent; and the story, although occasionally heavy-handed, has the varied human appeal as well as fine racing scenes. Good entertainment.

ORIENTAL—Invitation to Happiness (Paramount). Fred MacMurray and Irene Dunne as a couple in widely different circumstances who fall in love. Charlie Ruggles is there to help increase the fun.

CATHAY—The Return of Chandu (Principal). Bela Lugosi, the screen's Dracula, makes a creepy picture in the role made famous by Edmund Lowe.

STAR—Banjo on My Knee (Universal). The old South again, with Barbara Stanwyck and Joel McCrea.

DOCTOR - TO - BE MUST GO TO THE PICTURES

How a medical student can best learn to understand human nature, from the "Lancet".

"He must go regularly to the pictures, study the development of Spirit Temple, and learn to recognize the 'Yee-a-ow' of Wendy Miller when he hears it again at outpatients. He should listen to the variety on the wireless, and hear the full-throated roar that greets the gulp which has missed the censor."

"Physiologists can teach him the theories of nutrition; house-keepers its practice. On Friday evening he should go shopping with his landlady or her daughter."

"LONDON GAZETTE" ERROR

Mr. Churchill, K.G.

Mr. Winston Churchill, the First Lord of the Admiralty, is described in "London Gazette" on Sept. 5 as "C.H. K.G. D.S.O. M.C."

He is a Companion of Honour, a Privy Councillor and an M.P., but not a Knight of the Garter of the holder of the D.S.O. or M.C. He would, if a Knight of the Garter, be known as "Sir Winston Churchill."

The confusion may have arisen from the fact that Mr. Churchill's predecessor as First Lord, Earl Stanhope, is K.G., D.S.O., M.C.

The paragraph relating to Mr. Churchill's new Office is followed immediately in the "Gazette" by one concerning Earl Stanhope's appointment as Lord President of the Council.

BRITONS WRITE NEW "DOMESDAY BOOK"

National Registration Details

LONDON, Sept. 30 (By Air Mail)—John Citizen sat down last night, listened to his radio, scratched his national registration form, and thereby wrote Britain's "second Domesday Book"—the biggest and most detailed record in history of the jobs, ages, sexes, and national services of the whole population.

Every form in every one of the 11,000,000 separate households of Britain is a paragraph of the vast book which will be pieced together when the 65,000 enumerators have collected all.

Rationing of food and fuel depends on the register. That is why it was essential that every living human being under every roof in Britain, last night, should be listed correctly.

Sir Sylvanus Vivian, the Registrar General for England and Wales, pointed out in a broadcast that ration books would be posted to the address for which the return was made.

The books might not be sent for some weeks.

"If you remove before receiving a ration book, you must leave your new address behind and arrange privately for the ration book to be forwarded," he said.

George Brent, John Loder, Nigel Bruce and Isa Miranda appear in leading roles in "Diamonds are Dangerous," Paramount's new picture.

WILL RUSSIA GIVE REICH THE SUPPLIES IT NEEDS FOR WAR?

Nazi hopes—and the fears of the rest of the world—are concentrated on the economic resources of Russia. It is true that Russia has vast agricultural and mineral resources—so vast that she is theoretically capable of supplying most of Germany's needs. But is this likely to happen in practice?

Under normal economic conditions Russia and Germany could supplement each other economically in such a way that they would be ideal trade partners. Germany's natural resources are limited, but she has a well-trained and industrious working class. She would, naturally, therefore, import raw materials and foodstuffs and export manufactured goods. Russia, on the other hand, has vast and rich agricultural areas and mineral resources, but her working class is still only half trained. Her task would therefore be to supply world markets with raw materials and foodstuffs. Under normal conditions an ideal economic marriage between these two could take place.

CHANGED CONDITIONS

But during the last ten years conditions in both countries have changed. Both have left their natural economic paths—Germany, by her race for economic self-sufficiency has undermined her economic strength, while Russia has reversed her previous order of economic development by concentrating all her efforts on forced industrialization.

These natural ambitions have overshadowed German-Soviet trade relations for the past ten years and will continue to affect them. Russia embarked on her first five-year plan for reconstruction and industrialization in 1928. All trade relations were subordinated to this plan which called for continuous and enormous imports of foreign machinery. Even so, there was not enough to pay for all imports and credits had to be found. Pre-Nazi Germany which was suffering from the effects of the world economic depression came to the rescue. She was very ready to enter into close trade relations with the Russians by allowing them to buy in Germany. By 1932 Germany's balance of trade with Russia was exceeding favourable; she exported to Russia almost three times as much as she imported.

RE-ARMAMENT AND PLAN

In 1933 the position changed abruptly. In Germany the Nazi Government came into power with its programme of large-scale re-armament coupled with economic self-sufficiency. The excess capacity of German industry was reduced to a minimum and trade with Russia was no longer of interest. The same year Russia embarked on the second five-year plan, which reduced the rate of industrial expansion and aimed primarily at the consolidation of previous developments. As a result, dependence on imports declined and Russian trade with foreign countries once again showed a favourable balance. She now found it easy to obtain trading facilities and credits abroad and her trade with Germany dwindled rapidly. By 1938, the position of

1932 was reversed, and Germany found that her favourable balance which had reached 459,200,000 m. in 1931, was changed to an unfavourable balance of 15,600,000 m. in 1938.

The changes that the past six years have seen in the economic structure of the two countries are of great significance and will determine future trade relations.

The two countries will find it hard to meet each other's demands. The Russian demand today is for high-class machine-tools and machinery. Until 1933 Germany was specially skilled in production in this field, but her skill has declined and she is unlikely to recover it at the present time when all skilled German workers are fully occupied in providing equipment for her fighting forces. The German demand is as every body knows for minerals, raw materials and foodstuffs. But here, figures show that Russia's own heavy domestic demands are at the present time absorbing more than she can produce and leaving no surplus for export. Take oil for example, one of the commodities in which Germany is most interested. Although the oil output in Russia advanced from 21,380,000 metric tons in 1932 to 30,110,000 in 1938 owing to rising domestic requirements her exports declined over the same period from over 6,000,000 tons to well below 1,000,000. This year, exports are practically negligible. Pig-iron, refined copper, lead, aluminium, and zinc tell the same tale of productive capacity unable to meet the needs of domestic consumption—while in all the remaining classes of metal, particularly tin and nickel which are of such vital importance for the manufacture of armaments Russia is dependent on imports mainly from the British Empire.

EXPORTS LIMITED

Russia has a surplus of one metal ore alone which is of value to German re-armament—manganese ore.

Russia's current surplus of foodstuffs and raw materials is also limited. Although within recent years she has had bumper crops of wheat, sugar, hemp and flax, her exports have been insignificant, owing to rapidly rising demands at home. Timber is Russia's only considerable raw material export.

Russia could, of course, give Germany the vast and varied supplies that she needs by severely restricting her own industrial activity. The difficulties in the way of such a programme and the unlikelihood of Russia embarking on it are too apparent to need further emphasis.

PARIS HAS PERFECT A.R.P. DRESS

France's womanhood began marshalling its forces recently to play its full part in winning the war.

Already in France women are helping to gather in harvest, pack the fruit for market, and replacing men on the Metro, the buses, and railways.

Famous women are giving the lead in public service. Madame Lebrun, wife of the President of the Republic, has remained in Paris at the side of her husband.

She is working many hours every day advising women's organisations in social work, preparing for the care of the wounded and making arrangements to deal with possible air raid casualties.

Mme. Bonnet, wife of France's Minister of Justice, has installed a mess in the Ministry. She supervises the cooking herself.

Mme. Campinchi, whose husband is Minister of Marine, is taking an active part in all organisation dealing with the work of evacuating women and children, hospitals, and schools.

Fashionable dressmakers are busy on Army contracts... for women. They design new outfits for women air-raid wardens and ambulance drivers.

And the perfect air-raid costume for women is appearing in the shops... it can be put on in one minute fifty seconds.

PLEASANT SURROUNDINGS.—Some of the staff of the city office of the P. and O. Company are now in an unfurnished country mansion.

"Our Secular Duty"

AGA KHAN ASKS ISLAM SUPPORT

LONDON, Sept. 30 (By Air Mail).—The Aga Khan has sent "To all my brothers in India and other British Dominions" the following message:—

"To-day a cruel war has been imposed, and it is our duty to co-operate with heart and soul for the success of the King Emperor. Such a sincere and complete co-operation will be also the best service to Islam."

LOYAL CO-OPERATION

"I beg my brothers in Islam to realise alike our secular duty, and our best way of serving Moslem interests is by completely loyal co-operation with His Majesty's Government. Both my grown-up sons and myself have placed all our personal services at the Viceroy's disposal."

LAWRENCE OF ARABIA

Effigy Placed In Church At Warcham

A recumbent effigy of T. E. Lawrence—"Lawrence of Arabia"—has been placed in the north aisle of the picturesque old church of St. Martin, Wareham, Dorset. The effigy is the gift of Mr. A. W. Lawrence, brother of "T.E." and was carved by Mr. Eric Kennington, the friend of Lawrence, and art editor of "Seven Pillars of Wisdom."

Lawrence is depicted in Arab dress with sandals, resting his

JAPANESE ACTIVITY IN NOTORIOUS SH'AI AREAS

SHANGHAI.—Shanghai's notorious "badlands"—areas adjoining the International Settlement—appear to be growing worse.

Gambling and opium dens have increased and at a number of dance halls indecent floor-shows and tableaux are staged regularly. These dens and dance halls are protected by gunmen, some of whom form regular plain-clothes patrols.

The situation is being made increasingly difficult for Chinese living in the "badlands" districts by puppet Chinese police who are collecting extra taxes. In some cases, taxes may have to be paid twice—to the recognised Municipal authorities and to these special police. Hawkers are also being made to pay extra fees.

Many of the puppet police are recruited from among prisoners of war formerly held by the Japanese in Pootung, the industrial area across the river from Shanghai. Some of them are so lacking in experience that they ask men of the Shanghai Municipal Police to show them how to direct traffic.—(Reuters).

head on a camel saddle, beside which are three books. His feet rest on a Hittite stone, and the base of the effigy is of Purbeck stone. At one end is the inscription, "T. E. Lawrence, 1888-1935," and at the other "Carved by Eric Kennington, 1935-9."

ENCARNACAO RIDES THREE WINNERS IN A ROW AT SATURDAY'S RACES AT HAPPY VALLEY

ENJOYABLE SPORT AT NINTH EXTRA MEETING

Three Well-Backed Horses Fail: One Unseats Rider

ALTHOUGH THERE WERE NO SENSATIONAL UPSETS AT SATURDAY'S RACES AT THE VALLEY DURING THE HONGKONG JOCKEY CLUB'S NINTH EXTRA MEETING, THE DIVIDENDS WERE GOOD AND PUNTERS GENERALLY HAD QUITE AN ENJOYABLE AFTER-NOON'S SPORT.

A FEATURE OF THE DAY was the failure of three well-fancied candidates King Kong unseated its rider, Mr. S. L. Sung. Happy Landings, failed to start and took no part in the race. Lillibur, another well-backed horse, finished fourth in a field of six starters.

THE FIRST THREE RACES were won by Mr. C. Encarnacao, who with one second and one third place was the champion jockey of the afternoon, Mr. V. V. Needa being second with two wins and a third while the owners list was headed by Mr. Eu Tong-sen with three wins and a second.

THE FIRST PRIZE in the Kwangtung Handicap Sweep was \$7,884.80 and was won by the holder of ticket No. 141390.

The Daily Double paid \$292.20 to each of 18 selectors of the winning combination on A Roaring Time and Moonlight View.

THE RESULTS

Following are the full results.

RACE ONE

Peaceful View set the pace from a good start, followed by Galaxy, Rose Emily, Hectic View and Lillibur. This order was maintained to the rock with Peaceful View leading by about eight lengths. By now, however, the leader had shot its bolt and Galaxy and Rose Emily began to close in, while Hectic View, coming up strongly on the outside was neck and neck into the home straight with Galaxy. In the last furlongs, however, Rose Emily forged ahead and went on to win while Galaxy

weakened and was beaten for second place by Hectic View. Lillibur, the favourite was fourth, two lengths behind Galaxy.

RACE TWO

The field of 15 was sent away in line. Musketeer soon took the lead followed by Galveston Bay and Dawn Star. The rest were in a bunch. A furlong before the rock, Mr. S. L. Sung fell off King Kong, fortunately without serious injury. The horse eventually finished the race last, riderless. Musketeer and Galveston Bay were the first into the home stretch. Both were going very well, until Rose Emily, the favourite, came up strongly and beating them went on to win. Making a late challenge, Rose Queen, nicely ridden by Mr. Poy, snatched third place from the much fancied Galveston Bay. King Kong was second favourite.

Time took the lead from a fair start followed by Sydney Lad, Chiltern and Rising Star. Winfred moved up after the rock and was lying handy at the bend. A Grand Time was still leading. In the home run, Winfred, the second favourite, challenged and looked like winning but Chiltern proved too good and managed to keep ahead while A Grand Time weakened and was only able to finish third. Crifle, the third favourite, could not get through and making a late run had to be content with fourth place Sydney Lad was fifth and Rising Star sixth.

TURKISH
PACTA BRIEF ENUMERATION of
events may help to illus-
trate what is involved in the
recent Russo-Turkish con-
sultations, and in the forma-
tion of the new agreement
between Britain, France and
Turkey.LAST SPRING, while the
Anglo-Russian talks were go-
ing on, Germany was trying
to secure from Turkey an
arrangement about the
Straits. Germany's attempt
failed, and on May 13 Great
Britain announced the con-
clusion of an interim arrange-
ment with Turkey. France
made a similar arrangement
in June.BUT IN AUGUST came the
Russo-German pact. At the
same time von Papen was
sent to Turkey as a special
envoy. Towards the end
of September Russo-Turkish
talks began at Moscow. They
proceeded slowly, and with
long interruptions.THREE DAYS AGO, the
Prime Minister of Turkey
announced that the talks had
failed to result in agreement,
but that friendly relations
would continue with Russia.
At the same time Moscow
made a statement to the same
effect. Von Papen was called
back to Berlin. Yesterday
evening there was announced
the conclusion of the new and
definitive British-French-
Turkish Pact.THIS BALD ENUMERA-
TION of facts represents a
victory for Franco-British
diplomacy. It may be of in-
terest to review the main
considerations involved.TURKEY HAS MAINTAIN-
ED cordial relations with
Russia since 1924. She has
also, especially in the last
three years, maintained and
strengthened her relations
with the western democra-
cies. These are both natural
developments. Russia and
Turkey, neighbours, have
both needed friendly relations
for peaceful development. In
the Eastern Mediterranean,
British and Turkish interests
are closely linked. In early
May of the present year, as a
result of the events of March,
and the growing menace of
aggression, Turkey and Great
Britain entered into a far-
reaching understanding, by
which each party undertook
to lend to the other all possi-
ble support in the case of a
dangerous situation arising
in the Eastern Mediterranean.
In announcing the agree-
ment, Mr. Chamberlain stated
that the Black Sea was in-
cluded. With France a simi-
lar agreement was reached
in June, after the settlement
of the Alexandretta question.TURKEY'S POSITION ac-
cording to these May and
June agreements was, there-
fore, that with Great Britain
and France she would co-
operate in the maintenance
of stability and security in
the Eastern Mediterranean,
the Balkans, and the Black
Sea. The second fact to keep
in mind is that Turkey had
by the Montreux Convention
of 1936 regained control over
the Straits, which since 1923
had been demilitarized and
placed under international
control. By the Montreux
agreement, Turkey regained
full rights; and the following
main provisions were made
with regard to vessels belong-
ing to other than Black Sea
Powers. In war, should Tur-
key be neutral, belligerent
warships were to be forbidden
passage except under League

A HITLER CALENDAR

Grammar Of Aggression

Treachery Step By Step

The following are extracts from public speeches made by Herr
Hitler as Chancellor of the German Reich:The first and best point of the
Government's programme is that
we won't lie and we won't swindle.
—Berlin Feb. 10, 1933.Weighing the sacrifices of the
last war, we want to be true friends
of a peace which will at last heal
the wounds from which all have
suffered.—Potsdam, Mar. 21, 1933.Germany, France, and Poland
will continue to exist. German
wants nothing that she is not ready
to give to other....
No fresh European war is capable
of putting something better in the
place of unsatisfactory conditions
which exist to-day....The outbreak
of such madness without end would
lead to the collapse of existing so-
cial order in Europe....The Ger-
man Government are convinced
that to-day there can be only one
great task, and that is to assure
the peace of the world....The Ger-
man Government wish to settle all
difficult questions with other Gov-ernments by peaceful methods.
They know that any military ac-
tion in Europe, even if completely
successful, would, in view of the
sacrifice, wear no relation to the
profit to be obtained....Germany will tread no other
path than that laid down by the
Treaties. The German Government
will discuss all political and econ-
omic questions only within the
framework of, and through, the
Treaties....The German people have no
thought of invading any country.
—Berlin, May 17, 1933.We do not want a war merely
for the purpose of bringing to Ger-
many people who simply do not
want to be, or cannot be, Germans.
—On the wireless, May 27, 1933.(On Oct. 14 Germany left the
League of Nations.)The history of the last 150 years
should, in its changing course, have
taught France and Germany that
essential and enduring changes are
no longer to be gained by the sacri-
fice of blood. As a National
Socialist I, with all my followers,
refuse on the basis of our national
principles to win for ourselves the
members of other nations, who
will never love us, at the cost of
the blood and lives of those who
are dear to us. It would be a
mighty happening for all humanity
if these two nations of Europe
could banish, once and for all,
force from their common life. The
German people is ready to do so.
No one could demand that millions
of men in the flower of youth
should be annihilated for the sake
of a readjustment of indefinite
scope of our present frontier.—On
the wireless, Oct. 14, 1933.There is no better guarantee for
the peace of the world than the
fanatical unity of the German peo-
ple.—Kielheim, Oct. 22, 1933.There are Germans and Poles in
Europe, and they ought to live to-
gether in agreement. The Poles
cannot think of Europe without the
Germans and the Germans cannot
think of Europe without the Poles.
—Berlin, Oct. 24, 1933.I am not crazy enough to want
a war....The German people have
but one wish—to be happy in their
own way and to be left in peace.
They do not interfere in other
people's business, and others should
not interfere in theirs....When has the German people
ever broken its word?—Berlin, Nov.
10, 1933.authority or in accordance
with any regional pact to
which Turkey was a party. If
Turkey was herself a belli-
gerent, she was to have full
discretion to control the pas-
sage of naval vessels through
the Straits. In peace time, a
limit was set to the naval
tonnage of outside Powers to be
in the Black Sea or the
Straits at any one time.
Merchant ships were to be
allowed free passage at all
times.TURNING NOW TO RUS-
SIA. The Soviet has been for
the last few weeks engaged
in strengthening her strategic
position in the Baltic. It was
to be expected that she would
wish in the south also to ob-
tain corresponding strategic
advantages. The details of the
negotiations between
Russia and Turkey during the
last month are of course un-
known; but it is easy to see
that Russia wanted to ensure
that in no circumstances
would the Straits be closed
to her or open to an enemy.
She would wish to be able to
determine, jointly with Tur-
key, the opening and closing
of this passage. Turkey,
however, had her obligations
under the Montreux Conven-
tion, and under the agree-
ments with Britain and
France. The acceptance of
proposals of the kind men-
tioned must have meant that
Turkey would no longer be in
a position to enter into a de-
finitive pact with Great Bri-
tain and France in the spirit
of the agreements of the
early summer. Turkey has
stood by her word, and re-
fused to be drawn into ar-
rangements which would
have conflicted with the co-
operative agreements for the
stabilization of this region
which she had made with
Great Britain and France.THE RESULT is a disap-
pointment chiefly to Ger-
many. Much no doubt had
been hoped from von Papen's
mission. On the other hand,
the continuance of cordial
relations between Turkey and
Russia has been stressed by
the statesmen of both coun-
tries.The Kowloon Branch of the
British War Organization will be
grateful for any gifts. "White
Elephants," or otherwise, to be
sold by auction on Monday, Nov.
8, at 8.30 p.m. at the Peninsula
Hotel. There will be no entrance
fee and no compulsion to buy.

ble, before Saturday, Nov. 4.Charged with manslaughter at

CORRESPONDENCE

COMMODITY
PRICESTo the Editor, "Hongkong
Daily Press"Sir.—Your Sunday contemporary
comments that the Hongkong
General Chamber of Commerce
issued a long explanation of the
Government's new Order modifying
general control of food prices, and
then goes on to complain that the
explanation was not long enough
because it did not deal with re-
moval from control of the market
prices of fresh meat and vegetables
locally produced or imported from
China and Macao.The omission is regretted; please
grant me space for the following
comments:As I understand it, the experi-
ence of the several weeks since the
outbreak of the European war is
that prices of local food supplies
have not been seriously affected.
Under the Food Controller's Order,
the rice which comes from foreign
countries could have been increas-
ed in price 15 per cent., and the
rice from Burmah ten per cent.
In fact, the rise which occurred
was not as high as that. The
price of a world-commodity like
rice is governed by wider influences
than an announcement in the
Government Gazette of a small
British Colony!The prices of such commodities
as locally slaughtered meat, fresh
vegetables and eggs—all perish-
ables—are best left to the law of
supply and demand. Prices of
vegetables and eggs vary seasonally
and cannot be permanently
sterilized at the rates prevailing
in Hongkong on August 31, 1939.No doubt, the Food Controller
will watch the prices of local food-
stuffs and will welcome informa-
tion and constructive suggestions
from the public if legislative action
appears necessary.

Yours faithfully,

M. F. KEY,

Secretary.

WORKING ARTISTS
GUILDTo the Editor, "Hongkong
Daily Press"Sir.—As you have been good
enough in the past to encourage
the Working Artists Guild in their
aim of creating an Art Centre in
the Colony, I would greatly ap-
preciate it if you could spare
space to let the public know that,
despite the present difficult times,
the Guild is still carrying on. The
Classes in Basic Drawing, begun
during the summer, are being
continued. In these, Ernie Freed-
lander, our Director of Studies
employs the latest methods from
the Paris Studios, in the teach-
ing of drawing, suitable for either
beginners or advanced students,
and as essential for commercial
art as any other form.The Guild particularly wishes to
interest teachers, as a thorough
knowledge of these methods would
enable them to bring pupils for-
ward very rapidly in a new way.
The classes previously held 2
mornings a week by the courtesy
of the Proprietor of the Cathay
Cafe, King's Theatre Building,
have been changed for the moment
to once a week Wednesday after-
noons, 3 to 5 p.m. till more pupils
join.In the meantime, Ernie Freed-
lander, is continuing instruc-
tions in the Fine Arts, with
models, in various media, at the
Guild Studio, No. 51 Gloucester
Road (just beyond the China Fleet
Club) on Tuesdays and Fridays,
from 10 to 12 noon. Private
lessons, or lessons specializing in
work such as monotype, lino-cuts,
etc., can be arranged.Mr. Smernoff, of Harbin, is pre-
paring to open classes for pro-
fessional students, in drawing and
painting as applied to engineering,
architecture and commercial art,
together with lettering, advertise-
ment lay-outs, etc., so that a de-
finite course in commercial art
can be mapped out for pupils.It is hoped, if sufficient support
is forthcoming, to expand the
general teaching facilities of the
Guild, as we have a number of
trained art teachers available.The Guild is to hold several ex-
hibitions in the near future of
both Oriental and Western Art,
particulars of which will be given
to the press.The Guild premises at 51 Glouc-
ester Road, continues to be avail-
able as an international co-opera-
tive Arts Studio, to both resident
and visiting artists.Enquiries with regard to any
of the Guild activities may be ad-
dressed to: Mrs. G. Goddard,
Assistant Hon. Secretary, 8, Dorset
Crescent, Kowloon Tong.Thanking you in advance for
your valuable assistance,
Irene M. Ashby Macfadyen,
President, Hongkong Working
Artists Guild.

Hello & Goodbye

(BY A. W. HYER)

This coming week two of the larger commercial trans-
ports will be calling in this port, a Canadian steamer out-
ward bound, with a fairly large passenger list, and an
American steamer en route to the home port in the United
States from the south.Imperial Airways were quite
active over the week-end, two
inward services bringing pas-
sengers and mail from all
Empire ports to Hongkong,
and one outward service on
Sunday morning.

Imperial Airways

SATURDAY'S SERVICE, under the
command of Captain J. N. Wil-
son, arrived at Kai Tak 1 p.m.Mr. W. C. Farnham, representa-
tive of the Sun Oil Co. in Bangkok,
came calling in the Colony. This
busy person will meet friends and
officials arriving on this Wednes-
day's Pan American Airways Clip-
per from America, then he will
travel by Imperial Airways' plane
to his desk in Siam.Another official arriving on
the same service was Mr. K. Bram,
connected with the East Asia Co.
After a short call of two weeks
here he will return by air to his
duties in Bangkok.Sunday's southbound service of
Imperial Airways was under the
command of Captain Joe Davies,
flying the Dardanus.Mr. and Mrs. E. Elias, of Bombay,
were en route homeward having
completed a world tour in easy
stages by air.Mr. and Mrs. W. Hirschland filled
the passenger list. These
travellers, returning to their home
in Calcutta, arrived in the Colony
by Pan American Airways' Clipper
last week. Air has been their
means of seeing the world during
their six months' trip.Sunday's inward service of Im-
perial Airways from Bangkok was
commanded by Captain A. B. Dykes
who brought five passengers and
180 kilos of mail from England and
Europe, arriving at 4.50 p.m.Mr. N. MacMillan, an engineer
of Imperial Airways' ground staff,
of Singapore, came flying to Kai
Tak for an inspection. By the end
of the week he will be on his way
home to the south.En route to his desk and hearth
in Manila was Mr. J. A. Johnson,
representative of Allis Chalmers
Manufacturing Co. Probably he
will be going by Clipper south this
Thursday; business called him to
Bangkok and India.HAWKER'S CASE
THROWN OUT"I don't deal with cases of this
kind," remarked Mr. T. J. Houston
at the Central Court on Satur-
day, as he reprimanded a Chinese
constable for the arrest of an un-
licensed hawk for selling things
in a sidlane."Go and look for this hawk
and give him back his ball and
stall. Furthermore, you are not
to bring any hawking cases for
the period of one month," said
the magistrate.An unlicensed hawk named
Iu Sau was arrested by a Chinese
constable for hawking vegetable
at Chop Cheung Street on Friday.
Mr. Houston learned from the
Sergeant that Chop Cheung Street
was a side-lane and was not a
busy thoroughfare. Iu was absent
from Court on Saturday.CANTON UNIVERSITY

Stoddart has been allowed to
resign his commission in the
Hongkong Volunteer Defence
Corps with effect from October
2, 1939.Mr. and Mrs. J. Linstead are two
new residents for Hongkong. These
quiet and nice people are connect-
ed with the Imperial Airways or-
ganization. Mr. Linstead will
assume the responsibilities of
Station Superintendent in the
local office. Formerly he was
carrying out duties of this nature
in Africa, and now, after three
months of holiday, he will get back
to work relieving Mr. R. M. C.
Dobbs in the Hongkong office.And, yes! Mr. Dobbs, the gentle-
man with the pleasant smile and
polished manner of handling cus-
tomers will shortly be flying home
to London.Another change in the organi-
zation of Imperial Airways' local
office pertains to Mr. Richard Cole.
This young gentleman with the
deep voice is reported to be tak-
ing over business duties of his
Company in the Bangkok office;
the present representative well-
known in the south, Mr. M. H.
Curtis, will be flying to London.Miss W. M. Kirk and Miss S.
Kapoor, arrived from London. The
latter young lady will continue to
Shanghai, reason and length of
visit in the north, indefinite.
However, from the expression and
quiet excitement surrounding this
smart air traveller, one might find
romance lurking in the picture!

Motorship Traffic

THE ITALIAN MOTORSHIP which
called here last week en route
to a European destination brought
several well-known visitors to our
shores.Mr. John V. Crowe, representa-
tive of Ford Motor Co. in Shang-
hai, has not been in our city for
some time; business calls him
south.A member of the Fourth Estate
lends his presence to the local so-
ciety, Mr. Victor Keen, representa-
tive of the "New York Herald
Tribune" in Shanghai. This gen-
tleman called into our harbour and
pulled the disappearing act soon
as the "visitors ashore" noticed
was posted.The Shanghai representative of
Paramount Films in China, Mr.
James E. Perkins pays us a call
on his tour of inspection.Another visitor, who has not
been this way for a long time, was
Mr. B. C. C. Moneyenny, official
of the Edible Products Ltd., in the
northern metropolises. His call will
be business.Many friends and business asso-
ciates were on hand to greet Mr.
T. K. Ling, of Shanghai. They
formed a heavy escort for the
ferry pier.Mr. Louis Gerard De San sailed
down from Shanghai. Unfortun-
ately, we did not have the pleasure
of an introduction with this gen-
tleman who was travelling on a
Belgian Diplomatic Passport.

Outward Traffic

VICE-PRESIDENT OSMENA, of
the Philippines, was certainly
given a warm welcome by his
young son, Mr. S. Osmena, Jr., on
his arrival in Hongkong on board
the Italian steamer en route to his
home in Manila. Young Mr.
Osmena and Mr. Alberto De San-
tos, an intimate family friend, flew
to the Colony by Pan American
Airways' Clipper last week to meet
the Vice-President. Together they
sailed on the Italian boat for their
respective homes in the south.Down to Manila, on business,
travelled Mr. R. Morrison, a ship-
ping expert and an official of the
local dockyard.The H. H. Halsted and family
were well-sped on their way to
Bombay where they will take up
residence. Their short crossover
here between boats was certainly
enjoyed by each member of the
family and they are looking for-
ward to their next call in Hong-
kong.

JAPAN HAS BURNED HER BOATS & CANNOT TURN BACK NOW FROM COURSE SHE HAS SET

TOKYO'S FIRST RESPONSE TO U.S. ENVOY'S SPEECH

TOKYO, Oct. 21 (Reuter).—First response of the Japanese Government to the speech of Mr. Joseph C. Grew, the American Ambassador, was an announcement by the Foreign Minister of his intention to have a free and frank exchange of views with the American Ambassador.

Admiral Nomura, who made the announcement at an interview to-day with foreign journalists, ventured a statement which may be regarded as an indirect reply. It was, more or less, to the effect that Japan has burned her boats and will not turn back from the course she has set herself.

The Japanese Foreign Minister ventured a fresh explanation of Japanese foreign policy and policy regarding the "China Incident." Japan's aim, he said, was, in the first place, to establish normal relations with the Soviet Union.

Secondly, he affirmed, Japan continued her adherence to the anti-Comintern Pact, on which the foundation of Italo-German friendship rests. Thirdly, Japan was seeking the early liquidation of the China Incident, which would be sought by assisting in the establishment of a new Central Government. He added, in this connection, that the objective of Japan in the settlement of the "China Incident" consisted in the building of a "New Order in East Asia."

"NEW ORDER"

Explaining this "New Order" he declared that it would be an order on which East Asia, as such, would be in a position to make "an effective contribution to peace and progress in the world."

Japan's determination about the construction of the "New Order" was grim, with "all bridges burned."

Therefore, the key to readjustment in relations with third Powers lies in the understanding of these two points.

Admiral Nomura then announced his intention of having a frank talk with Mr. Joseph C. Grew.

"CHINA INCIDENT"

Regarding the "China Incident," Admiral Nomura said its settlement would be sought by extending assistance to the new central government of China which would shortly be born.

Japan, in disposing of the China Incident, had been obstructed by

third Powers who extended assistance to the Chiang Kai-shek regime.

As a result of the outbreak of the European war, the pro-General Chiang Kai-shek Powers now found it impossible to extend continued assistance.

REAL OBJECTIVE

The real objective of settlement of the China Incident, the new order in East Asia, did not mean an exclusive one but an order in which East Asia as such would be in a position to make effective contributions to the peace and progress of the world.

In regard to the Soviet Union, Admiral Nomura said it was his policy to liquidate the atmosphere between Japan and the Soviet which had been tense, and instead to establish normal relations between the two countries.

An amicable settlement of the border question forms a *sine qua non* for the purpose.

MISUNDERSTANDING

Turning to Japan's relations with Italy and Germany, he observed that a misunderstanding apparently prevailed in some quarters that the Anti-Comintern Pact had been abandoned following the conclusion of the non-aggression pact between the Soviet and Germany.

There was, however, no change in the Japanese Government's attitude towards the basing of national policies on the anti-Comintern policy, which Japan steadfastly pursues.

Therefore, friendly relations between Japan and Italy and Germany, which were based on the Anti-Comintern Pact, had not been affected at all.

Order By Controller Of Food

The Controller of Food, by virtue of his powers vested in him by the Defence Regulations, 1939, with the consent of His Excellency the Governor has made the following order:—

The Order of the Controller of Food, published as Government Notification No. 891 in the Gazette Extraordinary of October 5, 1939, shall, until further notice, apply only to the following articles of food:—

Milk and milk products including butter, cheese, cream and ghee.

Frozen meat. Bacon and ham.

The following tinned foods:— Corned beef, Pork and beans, Salmon, Sardines.

Rice. Tea and coffee. Wheat flour. Bread.

Salt. Margarine. Lard and other oils and fats used for food.

Roller oats and oatmeal.

The Hongkong General Chamber of Commerce has supplied the following explanatory notes with regard to the foregoing notification:—

It has been decided to restrict control, in the main, to essential items of food, as set forth in the list now published in the Gazette. It is considered unnecessary to control articles which are in the nature of luxuries because the public can exercise price control for themselves by refraining from purchase and by using substitutes.

In place of tinned fruit and vegetables, for instance, local supplies can be used. Alcoholic liquors are also now uncontrolled.

The tinned foods mentioned in the controlled list are those which are in the greatest demand. "Sardines" refers not so much to the luxury article used for hors d'oeuvres as to an article bearing the trade name of "California Sardines," a comestible in great demand amongst the Chinese.

Messrs. Lane, Crawford, Ltd., report that existing arrangements for supplies of flour are likely to make unnecessary any alteration in the price of bread for the next five months.

Large stocks of flour have accumulated in Hongkong on account of reduced off-take caused by hostilities in China and the discharge here of flour which could not be landed in Tientsin because of the floods. For some months before the outbreak of the European War flour merchants were selling at a loss.

The rule is retained that the maximum retail price for the controlled goods imported from overseas shall be fifteen per cent. above the August price if the goods come from Canada or any foreign country, and ten per cent. above the August price if the goods come from any British Empire country except Canada.

But if it is shown that landed costs of any of these articles have increased to such an extent that the permitted "percentage increase" would still leave the retailer to sell at a loss, the Prices Board will fix maximum retail prices for those articles and announce them in the Government Gazette. Later on, as landed costs rise further, or fall, adjusted maximum retail prices will be announced.

The Prices Board will always be prepared to consider representations from members of the public who may consider that the percentage increase at present permitted, or any other maximum retail price, which may be fixed, is excessive owing to change in circumstances and should be reduced.

The Chambers of Commerce are at present collecting evidence from merchants who desire to have maximum retail prices fixed. Retailers have found that a ten or fifteen per cent. increase on August prices of certain goods would still leave them selling new stocks at a loss and consequently there has been a severe diminution of the regular stream of orders which—if not quickly corrected—will result in a shortage of supplies in the next few months.

It is not generally realised by the public that in Hongkong there are more retail provision stores than are necessary to meet requirements. The result has been severe price-cutting so that consumers have for years been at an advantage in their purchases from

FIFTY SHOTS FIRED AT WEDDING CEREMONY: OUTRAGE IN SHANGHAI

WHILE A WEDDING CEREMONY WAS IN PROGRESS in a house in Welhaiwei Road in the International Settlement yesterday, four of five Chinese gunmen burst into the room shortly after noon yesterday, according to a Reuter report from Shanghai.

The gunmen whipped out their revolvers and let loose 50 shots.

One person was killed and nine injured.

The intended victims, the bride and bridegroom, escaped unscathed.

The room was crowded with guests and there was panic. The guests crawled on the floor in endeavour to hide behind the furniture to avoid the rain of bullets.

The gunmen, however, vanished before the arrival of the police. A disgruntled and jittery lover is the generally accepted theory for the latest killing.

Three - Power Military Discussions Completed

ANKARA, Oct. 22 (Reuter).—General Wavell, Commander-in-Chief of British Forces in the Near East, and General Weygand yesterday completed their discussions with Turkish military chiefs, the result of which is described by the Turkish Chief of Staff as "highly satisfactory."

In the afternoon the President received General Wavell and General Weygand separately accompanied by their respective Ambassadors.

LEFT TO-DAY

ANKARA, Oct. 22 (Reuter).—General Wavell and General Weygand left to-day by air and their departure was accompanied by military honours.

NAZI GUARDSHIP BLOWN UP

COPENHAGEN, Oct. 22 (Reuter).—A German guardship was blown up by a mine at noon between Faisterbo and Moen. Five of the crew of 69 escaped on a raft and were picked up by a Danish plane. One man died before they were landed and the remainder were sent to hospital.

GERMAN DECREE ON TOBACCO

LONDON, Oct. 22 (Reuter).—According to the latest German decree, not more than ten cigarettes or two cigars may be purchased at one time in Czechoslovakia while women are not permitted to buy tobacco at all.

To prevent hoarding is the explanation given for the order.

DR. EDOUARD BENES BACK IN LONDON

LONDON, Oct. 22 (Reuter).—Dr. Edouard Benes has returned to London after a brief visit to Paris. Discussions between former Czechoslovakian Ministers have been proceeding in London and Paris for some weeks now.

Chinese compradores. A large firm of importers writes:—

"In our opinion, any tendency to profiteer will be a temporary feature of the local market. The rise in price in the retail stores was a natural result of the following influences:—

"Consideration by retailers that replacements costs would be higher, and that it behooved them to provide against this in their present prices. The majority are firms without capital.

"The advice officially given to the public to accumulate a month's supply of foodstuffs led to unusually heavy purchases, and the bringing into operation of the law of supply and demand.

"Heavy purchases by the Government Medical Department accentuated this feature in respect of certain articles.

"The European population who were vocal in the Press, probably do not realise that severe competition has hitherto given them supplies at little more than wholesale prices. What they thought profiteering, was nothing more than the taking (for the nonce) of a reasonable profit."

BRITISH SHIP'S GALLANTRY

FOUR - HOUR FIGHT WITH SUBMARINE

NEW YORK, Oct. 22 (Reuter).—The story of a gallant but vain fight by a British ship against a U-boat was told by the Radio Officer of the Heronspool who, together with 35 members of the crew, arrived here by the American liner President Harding.

He stated that the Heronspool came upon a U-boat sinking the French ship Emile Miguet. On seeing the British vessel the U-boat came to the attack the battle lasting four hours with the submarine diving and coming up again to fire her gun.

The Heronspool replied with her solitary gun which prevented the U-boat approaching too close. Finally the crew was forced to abandon ship after apparently zig-zagging "all over the ocean." All were rescued.

NEW MATHILDE SINKS OFF KANCHOW

Officers And Crew Of Vessel Safe

The cargo ship, the New Mathilde, foundered and sank off Kanchow, some 100 miles from Kiangchow, on Saturday, the exact position of the vessel when first reported sinking being given as lat. 21.05 north, long. 110.5 east.

First news of the vessel's distress was received in Hongkong by the local agents, the Shun Cheung Steamship Company, at 11 a.m. on Saturday. A later message received on the afternoon of the same day stated that the Butterfield and Swire steamer Soochow had picked up the officers and crew of the vessel.

Theories advanced as to what had happened to the New Mathilde suggest that the vessel met with heavy seas, and the cargo stacked in the hold had shifted. It is now learned that the vessel, which is on a regular run between Hongkong and the French territory of Kwangchowwan, was carrying a cargo of chickens, pigs, and general merchandise.

The New Mathilde, built in 1906, is a vessel of 1,218 tons. Her skipper is Captain R. Wherry, and the European officers on board are Maurice Jenkins, Chief Officer, P. B. Allan, Chief Engineer, and E. van Langenberg, Second Engineer.

The christening of the infant daughter of Mr. and Mrs. L. A. Peres took place at St. Teresa's Church, Waterloo Road, yesterday. The child was named Patricia Maria and the god-parents were Mrs. C. A. Fraeche and Mr. C. V. Marques.

Herr Hitler has been informed by the Slovak Minister that certain Polish territories have been granted to Slovakia, says Reuter.

Chinese Government's New Army Disciplinary Laws

CHUNGKING, Oct. 22 (Reuter).—For the purpose of enforcing strict military discipline, the Chinese Government has promulgated new "military discipline laws" under which the death penalty will be imposed following offences for the following:

Firstly, abandoning positions without orders.

Secondly, withdrawing under fire or refusing to advance under false pretences.

CHINESE ATTACK SHEKWAN

KWELIN, Oct. 22 (Central).—Two Chinese columns attacked Shekwun and Shekwun, on the Canton-Kowloon Railway, on October 18. Shekwun was recaptured the following day.

The Chinese also launched a general offensive in the Kowloon-Sunwul sector on October 20. They successfully isolated the Japanese units and recaptured many points of strategic importance, including Chukyan, Salkoon, Mashan, Lauchuen and Chungwolee. Two thousand Japanese reinforcements are being rushed from Kowloon to halt the Chinese advance.

Appearing before Mr. T. J. Houston at the Central Court on Saturday charged with malicious wounding, Yu Ching-fuk, unemployed, was remanded till to-day.

Detective-Sergeant MacVey prosecuted.

DRAWN LADIES' HOCKEY

St. Andrew's Ladies' Hockey Club fielded teams for two games at King's Park on Saturday, the Seniors being held to a goalless draw by Club de Recreio Ladies, and the Juniors to a 2-all draw by the Diocesan Girls' School.

Recreio Ladies, beaten 3-0 by the Saints a week ago, gave a finer display than in the previous encounter and this against a much stronger team. Miss P. Gonsalves at centre-half, Mrs. Silva at left full-back, and Miss C. Silva as leader of the attack were the outstanding players on the side.

The Saints fielded their strongest team yet this season, particularly noticeable being the inclusion finally in the senior side of Miss Beatrice Greaves in the intermediate line and Miss Betty Longbottom at right wing.

THE JUNIORS

St. Andrew's Ladies' juniors took the field against D. G. S. with what appeared on paper to be a far superior side to that of the schoolgirls, but the Diocesan Girls held out to a 2-all draw.

Miss E. Chum scored twice for the School, while the St. Andrew's goals were netted by Miss E. May and Miss M. Longbottom, the latter player appearing for both the junior and senior teams in the course of the afternoon.

Hockey practice games were held by two other ladies' hockey clubs, the "Y" Ladies and the Hongkong Ladies.

SMALL INCREASE IN TAXI FARES

Taxi operators in Hongkong and Kowloon held a meeting last week to consider the effects on their business of the increased petrol tax, and it was unanimously decided to seek official sanction for a small increase in the fares charged.

It is understood that a joint petition is being forwarded to the Government to-day asking for permission to increase the fare per mile from the present 40 cents to 50 cents.

This move affects taxis on the Hongkong side of the harbour only, what action is being taken by taxi companies in Kowloon is not known.

FINED FOR DUMPING DEAD BABY

Li Yuet-yai, 23, and his mother, Chan Kam, 40, appeared before Mr. E. Himsforth, at the Kowloon Magistracy on Saturday on a charge of having dumped the body of a child in an alley near the Central British School on Friday.

The mother was fined \$50, but the son was discharged.

The child had been ill for some time, but died when he was being conveyed in a taxi to the Kowloon Hospital. The mother then dumped the body in the alley.

Fashion Acquires An A.R.P. Style

The first large parade in London of air-raid clothes proved interesting—but gloomy. Recently between 50 and 60 "safety-first" models were displayed on dummies at a London fashion-house, which had been so darkened and sand-bagged that its model beauty was no more.

Light-weight gas-proof suits had a slightly "plague doctor" appearance, in spite of the cheerful promises of ten different and pleasing colours.

Happily, air-raid pyjamas, lined with wool and supplied with tapeless pockets for torches and brandy flasks, were more attractive—if less useful. Unlike a number of the creations shown, this warm attire had a hint of post-war usefulness. Gas mask containers, thick socks with crepe soles, and white gloves.

The "white section" provided plenty of variety, embracing such things as white walking-sticks, handbags and umbrellas. To keep the articles from soiling too quickly, most of the edges and handles are ornamented with darker colours.

RECREIO CRICKETERS BEAT CIVIL SERVICE: PEREIRA ACCOMPLISHES HAT TRICK

Club de Recreio, last season's senior cricket league champions, defeated Civil Service Cricket Club, a much fancied team following their defeat of Hongkong Cricket Club the week before, by five wickets at King's Park on Saturday.

The Civil Service, taking first lease of the wicket, were all out for 59 runs, following a brilliant bowling display by A.P. Pereira, second string Recreio bowler, who took five wickets for 17 runs and accomplished also the first senior "hat trick" of the season.

Pereira's victims were J. Barrow, R.J. Fenton, and N. Whitley, who were all clean bowled, and he claimed also the wickets of A.E. Perry and T.V.N. Fortescue, the two mainstays of the C.S.C.C. batting side. E.L. Gosano took one wicket for 11 runs, and H.L. Ozorio three wickets for 19 runs.

Recreio replied with 125 runs for nine wickets, G.N. Gosano being top-scorer with 57. Perry, who failed with the bat, took three wickets for 17 runs.

MIDDLESEX NO MATCH

At Cox's Path Middlesex Regiment were unable to hold down the Kowloon Cricket Club score and lost by 83 runs. W.L. Rapley laid claim to a regular berth on the list, XI with a contribution of 53 runs, and Archie Zimmerman managed 30 runs.

Pte. Hatfield, mainstay of the Army attack, failed again in claiming only one wicket for 40 runs, but Lever took three for 23, Peel three for 31, and Pearson three for 42.

K.C.C. scored 178, and Middlesex Regiment replied with 95. Bertram Lay taking three wickets for 13 runs, and Lloyd three for 20.

BACHELORS WIN

At Hongkong Cricket Club, the Single XI beat the Married XI by 9 wickets. The scores: Married XI 77 (H.J. Armstrong 29, J.L.C. Pearce 4 for 10, B.C. Fay 4 for 24), Single XI 287 (D. de S. Carey 29, L.D. Kilbee 28, T.A. Pearce 27, B.C. Fay 33 retired, J.L.C. Pearce 40 retired, F.L.M. Haymes 40, R.M.M. King 27 not out).

LITTLE EFFECT OF MILITARY CALL-UP

MELBOURNE, Sept. 7.—Except for the first grade rugby final, which may have to be abandoned, the decision to call up the militia will not prevent the completion of most winter sports, which are now in the closing stages.

All power House players, which were to compete in the rugby final against K.I.W., are already in camp, and unless the final arranged for Saturday can be postponed a week, the club will have to forfeit.

Officials will discuss the matter to-day.

FOOTBALL

The League and Association football seasons are likely to finish without teams being weakened much. Amateur games will end in two weeks.

Although a number of professional cyclists are waiting to be called up, they have lodged their entries for the important Melbourne to Bendigo race on Saturday, and the Melbourne to Warrnambool classic, which will complete the season, on October 7.

CRICKET PLANS

A number of amateur cyclists are likely to be called up, but officials yesterday considered that the remaining two important races of the season would receive fairly good entries.

With three games to play in the senior lacrosse section, officials intend to complete the season. It is impossible to tell the effect on cricket until practice begins. At its meeting on Monday, the V.C.A. is almost certain to decide to continue with its fixtures for the season.

Athletics officials intend to continue with plans for the opening of the track season in November, in the hope that by then clubs will know what members are available.

Inter-club rifle matches have been suspended.

series of "friendlies" now being played. The clubs will meet each other twice on the League's home-and-away principle.

The division of the London area into two groups was unexpected. Twenty-one clubs wished to play, and the Management Committee reduced the number by transferring Luton Town to the Midlands section.

SAMMY TSANG BRILLIANT

Royal Navy Beat St. Joseph's

Sammy Tsang nearly defeated the Royal Navy at the latter's ground yesterday when St. Joseph's went down to the sailors by two goals to nil in a game which was colourless, except for the brilliant goal-keeping of the St. Joseph's man.

Owing to poor support from his full backs, the Saints' goal was kept on his toes all the time by the Navy attack, which, though lacking in good combination, was effective by reason of the Saints' poor defending line.

The first half was particularly dull and monotonous and, although both sides made some attempts at scoring, none of them were successful and the whistle went with a blank score board.

Allison made a good scoring bid early in the second half, but Sammy was there with a sure pair of hands. Play veered round to the other end and Abbas tried to defeat the Navy goalie from a pass off Leonard, but without success. Another long-range angle shot by Leonard also failed.

Heap then took the ball over to the other end and passed to O'Regan, who, however, failed to score.

FREE KICK

A foul against the Saints resulted in Heap scoring the first goal through the free kick. Play continued for some time opposite the Saints' goal and Sammy brought off three brilliant saves in lightning succession using his hands, body and feet in the efforts.

Two minutes later Sammy was again hard tried, but he was not caught napping and although shot after shot was rained on the St. Joseph's goal, Sammy continued to defy the Navy's attack until a beautiful pass by Middleton from the right corner enabled Middleton to dribble in an easy one at the opposite end of the goal.

The Saints were then awarded a penalty which Leonard took, but it was saved. Pereira again attacked, but the Navy goalie was there. Play continued for some time with neither side making any headway and the final whistle blew with the Navy leading two-nil.

Mr. K. K. Ip refereed and the teams lined up as follows:—

NAVY: Robinson; Hendy and Roughly; Heap, Loyhe and Britt; Phippers, Allson, O'Regan, Thorburn and Middleton.
ST. JOSEPH'S: Sammy Tsang; J. Bowen and M. Marcal; Harteen, J. A. Hussain and R. G. Honnibell; T. Costello, M. Leonard, M. Gan, J. Pereira and Abbas.

BROADBRIDGE HTS CENTURY

A century by R. T. Broadbridge, who contributed 149 runs to the innings of 270 runs by D. J. N. Anderson's XI, was the feature of the intra-club cricket match played at the Kowloon Cricket Club yesterday between teams captained by Anderson and E. C. Fletcher.

Fincher's XI batted first, T. A. Madar contributing 26 and Fincher a captain's innings of 96 not out. The side was all out for 192. T. A. Madar took three wickets for 34 runs, and A. Mills three for 39.

Anderson's XI replied with 270 runs, Broadbridge contributing 149, F. W. Lay 25 and W. L. Rapley 30 retired. Anderson was the only successful bowler, taking four wickets for 27 runs.

MORE CHINESE PRODUCTS EXPORTED THROUGH H.K.

CHUNGKING, Oct. 22 (Central)—Between January and August, 1939, Hongkong handled more than \$202,450,000 worth of Chinese exports, a figure equal to the total for 1938, according to the China Information Committee. It is estimated that China's 1939 exports through Hongkong will have exceeded last year's figure by at least \$100,000,000.

In August, 1939 alone, Chinese products exported through Hongkong yielded \$21,923,489. Combined with those exported through Macao, Kwangchowwan and Indo-China, the amount reached \$28,000,000, an increase of \$5,000,000 over the July figure.

Responsible for the increase in China's exports, are wood, oil, materia medica, bristles, raw silk, tea and mineral ores. Other products exported in considerable amounts include hides and egg products.

Because most of China's wood oil goes to the United States, its export has not been affected by the European war. In the eight-month period ending in August, 259,287 quintals, valued at \$28,259,748, Chinese currency, were transported from China. Proper to Hongkong, of which \$19,536,609 worth has been shipped abroad. In August alone, Hongkong exported 18,371 quintals, valued at \$2,759,224.

Chinese materia medica are much in demand in British Malaya, Annam, Siam, Netherlands East Indies, the Philippine Islands and the United States. Between January and August, Hongkong during 1,000 mow.

YUNNAN TEA BEING IMPROVED

KUNMING, Oct. 22 (Central)—The China Tea Corporation, organized with joint investments from the national and Yunnan provincial treasuries, is improving Yunnan tea for export.

A thousand boxes of improved tea have recently been exported to England.

TELEPHONE NETWORK IN YUNNAN

CHUNGKING, Oct. 21 (Central)—By the summer of 1940, half of Yunnan province will be connected by an inter-regional telephone system. Service in the other half of the province, comprising mostly thinly-populated and little developed regions in the southeast, southwest and northwest, will be inaugurated within two years.

In addition to funds allocated by the Ministry of Communications to develop radio and telephonic service between the province and the outside world, Governor Lung Yun has recently appropriated \$100,000 from the provincial treasury to speed up the construction of telephone lines and equipment in Yunnan.

FAST IMPROVEMENT
Meanwhile, Kunming is fast improving its telephone service. The first instalment of 2,000 automatic phones has been delivered from abroad and the business section of the city is expected to have improved service by the end of this year. The training of operators is conducted under expert direction.

Telephone service between Yunnan and Burma will soon be inaugurated. The Yunnan-Burma service between Kunming and Rangoon is one of the latest achievements of the effort of the Ministry of Communications to bring Southwest China closer to the outside world.

THE £5,000,000 LOAN TO POLAND

Money Spent In England

The £5,000,000 which Great Britain agreed to lend to Poland on September 7, four days after the war broke out, has not left this country. It is being used for war purposes by the Polish Government which was recently established in France.

France was a partner, along with Great Britain and Poland, to the agreement. The text, published as a White Paper recently, shows that in addition to £5,000,000 from Great Britain, Poland was to get 600,000,000 francs from France. The agreement was signed in London by Lord Halifax, M. Corbin, the French Ambassador, and Count Raczynski, the Polish Ambassador.

SHARE MARKET REVIEW

HONGKONG SHAREBROKERS' ASSOCIATION

The proposed imposition of Income Tax in the Colony had a numbing effect on what was already a dull market. Except for isolated sales trading has been almost at a standstill and the volume of business recorded for the week has been negligible. There was no indication of undue selling pressure and buyers, for their part, were content to wait if unable to obtain shares with bids below quotation.

H.K. Banks came in for enquiry and business has been reported from \$1250 to \$1270 with further enquiry at the latter figure. Telephones (O) changed hands at \$20 and the new shares at \$7.10. Electrics have remained steady with buyers at \$50. Trams were wanted at \$151 with sellers at \$151.

There has been little change in gold mining stocks. Scrip is difficult to obtain locally and only a small volume of business has been recorded for the week.

Contrary to expectations, the decision to close the open contracts in lead, spelter and copper does not entail the resumption of dealings in these metals. The contracts will be closed with the Ministry of Supply's maximum price of 7/9 as the basis.

Investors Fear For Life Savings

Widows, clergymen, and doctors were among the creditors and shareholders who attended a meeting in London to hear Mr. C. W. E. Brd, Senior Assistant Official Receiver, detail "a very unsatisfactory story" regarding the affairs of the Allied London Property Society, Ltd., late of Holborn Viaduct.

Mr. Brd said that the unsecured liabilities were about £30,000, and there were debenture stock holders of £113,000 apart from members' shares of more than £68,000.

"This company was managed by Mr. Ralph Davies, now a bankrupt," said Mr. Brd. "Many of the investors are in humble circumstances, some of them having invested their life savings."

No resolution was passed for the appointment of a liquidator.

Britons Who Speak For The Nazis

British Intelligence officers who have been listening to German propaganda broadcasts in English believe they have identified another British announcer. He is said to be a former official of a political party in England who left for Germany shortly before the war.

It was stated that the voice of a German radio propagandist had been recognised as that of Norman Baillie-Stewart, the "Officer in the Tower" whose in 1933 was sentenced to five years' penal servitude for imparting military information to Germany.

BOY SCOUTS SHOULD WEAR UNIFORMS ALWAYS

Every day new regulations and announcements are made by the Government and various authorities.

Here is the gist of some of the most recent, that may affect you.

It is important that Post Office Savings Bank books and National Savings Certificate books should be kept safely. As an additional precaution, keep a separate record of deposits and certificates, including bank book numbers, and certificate serial numbers and date of issue.

If your son is a Boy Scout, or if some of your employees are, let them wear their uniforms all the time. They are probably doing spare-time work, and if they are in uniform they will be ready to do it at short notice.

CROWD OF TEN THOUSAND SEE
S. CHINA "A" BEAT EASTERN:
LEE WAI-TONG'S JUDGMENTSplendid Goal-Keeping
By Lau Hin-hon

A CROWD NUMBERING, IT IS ESTIMATED, NO LESS THAN 10,000, both within and without the Caroline Hill stadium, witnessed the season's first big senior League soccer clash yesterday afternoon when the South China "A" entertained Eastern Athletic Association.

Few expected Eastern to win, but no one who had noticed the younger club's spirited showing this year could have been unprepared for a close and exciting tussle. The score, 2-1 in favour of South China, bore out many prophecies.

South China's experience told in the struggle, but that is not to say that they were bound to be victorious. The change-over of their classic W-shaped line of attack, with Lee Wai-tong at the apex and in the lead, to an inverted W-plan, with Lee at the back and the two insides leading and fed by the respective wings, Lee Wai-tong indicated that they were not careless of their opponents' abilities.

CLEVER MOVE
This inversion of line was a clever move and showed excellent judgment on the part of Lee Wai-tong as captain. Sacrificing his chances of scoring, he thus drew Eastern's stalwart, Hsu King-shing, to keep watch over him, while giving invaluable aid to his backs.

Both teams were in fine fettle, though with Lee on semi-defensive instead of the offensive and Eastern disconcerted and somewhat broken up, no really brilliant and impressive movements could have been expected.

LAU SHINES
The most outstanding player of the afternoon was Eastern's custodian, Lau Hin-hon, who showed that he was ready for the best South China marksmanship and pulled off many creditable saves, often in difficult circumstances.

For South China, Lai Shui-wing, Leung Wing-chiu, Tang Kwong-sum and Lau Tau-man were very active. Hau Ching-to was a credit to Eastern, and Tham Joe-tack, who sometime ago played for the

Selected Halphong XI, also demonstrated his attacking powers.

FAIRLY EVEN PLAY
Play in the first half was fairly even, positions being well guarded by either side, while opportunities for attack that were open to both were squalled well-spoiled.

Lai Shui-wing was very much in the picture after 20 minutes, and more than once looked as though he might then open the score. Lau Hin-hon, however, managed ably to stave off what had developed into a South China offensive.

It remained for Lai Shui-wing, nevertheless, to break the ice, and he did so by using his head to convert a well-directed pass from Tang.

SCORE INCREASED
Fung King-cheung came into the picture shortly after the whistle blew for the second half by taking advantage of a ball from Lau Tau-man, who tried very hard throughout to score but found his kicking-leg totally unresponsive, and increased the score to 2-0.In the very last minute of the game, Chung Yung-sam, getting hold of the ball, made a dash and passed it to Hau Ching-to and the latter, rather to South China's surprise, sent it past Tam Kwai-kon. The teams lined up as follows:—
South China "A":—Tam Kwai-kon; Mak Shui-hon, Lee Tin-sang; Lau Hing-chol, Leung Wing-chiu, Sung Ling-sing; Tang Kwong-sum, Lai Shui-wing, Lee Wai-tong, Fung King-cheung and Lau Tau-man.
Eastern:—Lau Hin-hon; Tsang Chung-wan, Chang Ying-kuen; Lau Chit-san, Hsu King-shing, Lo Wai-kuen; Chung Yung-sum, Chan Yue-tin, Tham Joe-tack, Chang Kam-hoi, Hau Ching-to.
Referee: Mr. Beard.

By winning their match against Eastern yesterday, South China "A" assume top position in the First Division League both in points and in goal average.

The Middlesex Regiment after their victory over the Police on Saturday had assumed leading position in the First Division by virtue of their goal average, but are now second.

WOUNDING
CHARGE TURNS
TO MURDER

Another murder case was brought before the Court on Saturday. The defendant concerned was a 54-year-old unemployed named Yip Kai. He was alleged to have murdered his daughter-in-law.

Yip was originally charged with malicious wounding his daughter-in-law, Lo Chuen-lam, and his son, Yip Man, on Friday at No. 79, First Street. The charge of wounding was withdrawn and the present one was substituted before the defendant appeared before Mr. T. J. Houston at the Central Court. Inspector O'Donovan informed the Court that Lo Chuen-lam had succumbed to her wounds on Saturday morning.

The case was remanded formally for one week.

WANCHAI CASE

Further evidence was heard at the Central Court on Saturday when Yu Wai-tim, alias Tai Kau-lo (Strong Man) appeared on remand before Mr. R. A. D. Forrest on a charge of murder.

The defendant was alleged to have assaulted Yau Kam-hoi, holding him by the legs, turning him head over heels and causing his head to hit the cement pavement. As a result of this fall, it was alleged that Yau sustained a broken neck and died at the Queen Mary Hospital.

It was stated that both the defendant and the deceased were friends. The complainant was going to collect a gambling debt from one Chai Din and the deceased interfered, and it was alleged the two came to blows.

The hearing was further adjourned till to-day.

An encouraging increase in attendance at A.R.P. lectures is noted, and it is estimated that 200,300 residents in the Colony have taken A.R.P. instruction.

FOREIGN MAILS

HONGKONG, MONDAY, 23rd OCTOBER, 1939, 9.30 A.M.

ADDITION OF SENDER'S ADDRESS

Every article sent through the Posts should bear in the left-hand corner, or on the back, the name and address of the sender, so that the Post Office may be able in case of non-delivery, to return it unopened and without delay. A large number of undelivered articles are destroyed every year at the Returned Letter Office because they contain no clue, outside or inside, of the whereabouts of the senders.

Owing to the uncertainty of Sea transport the public are requested to post Christmas Parcels early, preferable before the end of October.
